

JOINT SEMINAR ON

INNOVATION IN STEEL STRUCTURE

Venue: Chanakya Hall, REVA University, Bengaluru

March 15, 2024 (Friday)

10:30 AM to 05:30 PM

Background

Dive into the forefront of construction technology with our seminar on "Innovation in Steel Structures." At the heart of structural ingenuity is the careful selection of materials possessing intrinsic qualities to meet modern challenges. Globally recognized for its unparalleled strength, flexibility, and durability, steel stands as the pivotal element in constructing resilient buildings. In this seminar, we turn our focus to the innovative applications of steel in addressing construction challenges. Emphasizing its significance beyond a mere choice, steel emerges as the preferred material for building enduring structures

Target Participants

UG, PG, Research Scholars, Project Assistants of Architecture and Civil Engineering and Entry Level Professionals of Civil/ Structural/ Architectural background

**Free
Registration**

Schedule

09:30 hrs	Registration and Kit Collection
10:30 - 11:00	Inauguration
11:00 - 11:15	Tea Break
11:15 - 12:15	Innovative Structures in Steel - <i>Dr. M. Pradyumna</i>
12:15 - 13:15	Steel Sections in Structures - <i>Mr. H S Suryanarayana</i>
13:15 - 14:30	Lunch Break
14:30 - 15:30	Steel Structures in Infrastructure Projects - <i>Mr. Arvind Salecha</i>
15:30 - 16:30	Sustainability of Built Environment - <i>Mr. Shiladitya Chanda</i>
16:30 - 16:45	Tea Break
16:45 - 17:15	Panel Discussion
17:15 - 17:30	Valedictory Session

Registration Details

Registration is completely free. However prior registration is mandatory.

To register, fill out the form in the link given below before midnight of **12th March, 2024**.
